“Change Management”

TURN-KEY PROJECT MANAGEMENT

Do you need:

- To achieve **SPECIFIC BUSINESS OBJECTIVES** such as:
 - New Product Introduction.
 - Expansion or Consolidation of Business activities.
 - Capital Investment in Facilities or Equipment.

We can help you achieve all the above and more!

If you want to achieve a specific business objective but do not have the management or engineering resources to implement it, we can deliver the complete solution:

“From concept through to implementation”

Examples of similar work undertaken to date include:

- Establishing manufacturing processes for new products.
- Relocation or consolidation of activities from separate locations into a single facility.
- Capital investment to achieve Vertical Integration or replace outdated manufacturing processes.

Typically, the service provided would include:

- Preparation of the Business Proposal.
- Project Planning.
- Statutory Approvals (Planning Permission, Environmental Protection Act etc).
- Determining Facility and Equipment Specifications and Equipment Selection.
- Preparation of Contracts and Purchase Orders.
- Control of Contractors and Suppliers.
- Acceptance Testing and Commissioning.
- Status Reporting.

The amount of work undertaken will vary dependant on the requirements of each assignment, but in each case implementation is achieved by working **with, and alongside, the existing management team.**

We operate through a Limited Company with all work covered by Professional Indemnity Insurance.
